RSI ENRICHMENT CLASS DESCRIPTIONS

MONDAYS Individual Guitar/Ukulele - Jon Monter

Experience the joy of music with our Ukulele and Guitar classes! Private lessons are customized to your musical interests and skill level, giving you in-depth knowledge of your instrument and broader music theory. Sessions range from 30 to 60 minutes, with classes arranged by Mr. Monter.

WEDNESDAYS Stage playground - Diana Farrell

A fun and interactive introduction to the world of acting! Students will build confidence as they learn the basics of character development, stage presence, and vocal expression. Each student will rehearse and perform short monologues and scenes, gaining valuable performance experience.

MONDAYS Robotics - Kahlen Burrus

Discover how to design, program, and build a real robot while developing your budding engineering skills. Collaborate with fellow students, tackle hands-on projects, and strengthen teamwork and project management abilities. Gain valuable STEM experience that prepares you for future interests in robotics and engineering. Ignite your passion for innovation, and be part of a dynamic team bringing your ideas to life!

THURSDAYS Digital Creative Painting - U-Design

This program allows students to explore digital art on iPads with Apple Pencils, learning techniques such as layering, brushwork, and color design while creating imaginative and professional-quality artwork. It's a fun, engaging way to build both creativity and design skills.

TUESDAYS Soccer Superstars - Parker Anderson

Develop your soccer skills in this fun, educational, and active class! Students will learn the fundamentals of each position and basic soccer strategies as they hone their shooting, passing, defending and ball control skills! Our emphasis is on sportsmanship, teamwork, and character development.

FRIDAYS - Chess - Parker Anderson

We introduce chess to students in a fun and exciting way! For all levels, we teach students to play chess and help them succeed in school by stimulating their problem-solving, analytical, and critical thinking skills. Learn strategies, defenses, and winning moves and participate in a class tournament towards the end of the session to compete for trophies and other chess prizes.

TUESDAYS Group Guitar/Ukulele - Jon Monter

Our engaging group classes focus on learning popular songs together, developing ensemble skills, and building confidence through collaboration. Group members will have the exciting opportunity to showcase their progress in our annual Winter Performance, sharing their musical growth with family and friends.
